This Summer on Sundays we'll have **two new classes for adults**. The Young Adults class will meet in the Small Auditorium and is for those between the ages of 25 & 40. The Highlighters class will meet in Rooms 115-16 & is for those between

40 & 55. If you are a couple years over or under choose which ever class seems to fit you best. Both classes will have teachers from their respective age groups and will use the same curriculum: *The Marriage You've Always Wanted*, by Gary Chapman. Books are in the foyer in the boxes beside the main desk. Please take one book per single individual or married couple and sign the list for the class you'll be attending so we know you have picked up a book. Couples are encouraged to study through lessons together, and everyone is asked to study through lesson 1 before the first class session on June 3. Further important info will be shared the first couple weeks of class. Come on Summer!

**Sunday night, May 20th**, a missionary from Italy, **Bob Housby**, will be speaking.

**Secret Sisters** info sheets are available on the table in the foyer. If you are interested in participating this year, please fill one out and return it to **Jessica Woessner** or the notebook on the table by May 27.

**Evolution — An Insidious Doctrine (Pt.3)**

G. C. Brewer (1884-1956)

In the course of our conversation, the young lady informed me in a very patronizing air that "evolutionists do not teach that man is descended from the monkey." That is what ignorant people think they teach, but they do not, she told me. Again, I was compelled to show the young lady that this is only a dodge put forth by propagandists.

Evolutionists do teach that man came up through the monkey stage, and they profess to have found the remains of the "intermediate" beings or "missing links." They all agree that man did not descend from any existing species of monkey — that none of the monkeys we have today are our ancestors, but that they are our brothers — that they came from the same stock from which we came. But the young lady was ignorant on this point, and she felt very superior because she could tell folks that evolution does not make man the offspring of a monkey. But that is a common bromide.

The young lady declared also that teachers in our schools do not teach evolution. "They just present the facts and let the students draw their own conclusions," she told me. I asked, "What facts?" I pressed her to name some facts that would force a conclusion in favor of evolution. But she could not think of any facts. I helped her out by telling her the things that evolutionists use to justify their inferences. I pointed out to her, however, that these things are not proofs. But again, I did not convince her. Although I was holding a meeting in her town, I do not think she heard me preach again after that conversation. She no doubt felt that she could not waste her time listening to a man who is so ignorant as to deny or question the theory of evolution.

**May Topic: Back to First Principles**  
**May 20 Lessons, A.M.: The Great Conflict**  
**P.M.: How Do I Handle Conflict?**

I'm graduating! You can all finally call me Dr. Wallace! : D  
 I want to thank you all for your support. The cancer research I've been a part of the last few years has been filled with great advancements. We've been working hard to unravel the genetic causes of cancer. So take a few moment in the coming days to celebrate not just graduation, but also the countless lives and families we help.

To a bright future, everyone! - Lots of love, **Marsha**

**Marsha Wallace** is graduating as a candidate for the degree of Doctor of Philosophy in Genetics at the Cornell University Commencement Ceremony, May 27th, 11 a.m., at the Schoellkopf of Stadium in Ithaca, New York.

Gospel Meeting at **Church of Christ at Lawrence Ave.**, May 20-23. The topic is Who Is On The Lord's Side? They will have a different speaker at each service.
